Spanish Technology Platforms and Spanish alliances

Alianzas

[ALINNSA - Alliance for Research and Innovation in Health](#)

Food, agriculture and fishing

[Food for Life Spain - Spanish Technology Platform on Food](#)

[Technology Platform for Sustainable Agriculture](#)

[PTEPA - Spanish Technology Platform for Fisheries and Aquaculture](#)

[PTXGA - Galician Aquaculture Technology Platform](#)

[Wine Technology Platform](#)

[ALENTA - Olive Technology Platform](#)

Environment and eco-innovation

[SusChem Spain - Spanish Technology Platform for Sustainable Chemistry](#)

[Spanish Technology Platform of Water and Irrigation](#)

[PT-PLANET - Spanish Technology Platform of Environmental Technologies](#)

[Spanish Technology Platform Forest and Derived Industries](#)

[PROTECMA - Spanish Technology Platform of Protection of Coastal and Marine Environment](#)

Energy

[PTEHPC - Spanish Technology Platform for Hydrogen and Fuel Cells](#)

[FUTURED - Spanish Platform for Power Networks](#)

[REOLTEC - Scientific and Technology Network of Wind Energy](#)

[BIOPLAT - Spanish Technology Platform of Biomass](#)

[PTECO2 - Spanish Technology Platform of CO2](#)

[Technology Platform of Fusion](#)

[PTE-EE - Spanish Technology Platform on Energy Efficiency](#)

[GEOPLAT - Spanish Technology Platform of Geothermal](#)

[CONCENTRATED SOLAR - Technology Platform for Solar Energy of Concentration](#)

Security and defence

[PESI - Spanish Technology Platform on Industrial Safety](#)

Construction, planning and cultural heritage

[PTEC - Spanish Technology Platform of Construction](#)

Tourism

[Thinktur - Spanish Technology Platform of the Tourism Sector](#)

Transport and infrastructures

[SERtec - Spanish Technology Platform for Automotive Components Sector](#)

[PTFE - Spanish Technology Railway Platform](#)

[PTM - Maritime Technology Platform](#)

[PAE - Spanish Technology Aerospace Platform](#)

[LOGISTOP - Technology Platform in integrated Logistics, Intermodal and Mobility](#)

[Spanish Technology Platform of the Road](#)

Industrial sectors

[MANUFUTURE - Spanish Technology Platform of the manufacturing field](#)

[SILVER - Steel Technology Platform](#)

[FOTONICA21 - Spanish Technology Platform for Photonics](#)

[HISPAROB - Spanish Technology Network of Robotics](#)

[Inesport - Spanish Technology Platform of Sports Industry](#)

[Technology Platform for the Digital Home](#)

[PLATECMA - Technology Platform for Traditional Manufacturing Sectors](#)

[Textile Spanish Technology Platform](#)

Health, biotechnology and pharmaceutical

[NanoMed-Spain - Spanish Nanomedicine Platform](#)

[Spanish Technology Platform for Innovative Medicines](#)

[BIOVEGEN - Spanish Technology Platform on Plant Biotechnology](#)

[Biotechnologica Markets Platform](#)

[Spanish Platform in Health Technology](#)

Telecommunications and societies of information

[eMOV - Spanish Technology Platform for Wireless Communications](#)

[eISI - Spanish Technology Platform on Satellite Communications](#)

[es.Internet - Spanish Technology Platform of convergence towards Future Internet](#)

[eSEC - Spanish Technology Platform for Security and Trust Technologies](#)

[Prometheus - Spanish Technology Platform of Integrated Intelligence Systems](#)

[INES - Spanish Initiative for Software and Services](#)

[eNEM - Spanish Technology Platform of Network Electronic Media](#)

[eVIA - Spanish Technology Platform of Technologies for Health, Welfare and Social Cohesion](#)

Nanoscience and nanotechnology, new materials and new industrial processes

[GENESIS NETWORK - Spanish Technology Platform for Nanoelectronics and Smart Systems Integration](#)

[MATERPLAT - Spanish Technology Platform for Advanced Materials and Nanomaterials](#)

[3 NEO - Spanish Technology Platform for New Materials, New Properties and New Technologies Printing processes and related industries](#)

[Packnet - Spanish Technology Platform for Containers and Packaging](#)
